Professional Experience

TwentyNineth

Full stack developer Intern

Remote
04/2024-Present

- Utilized JavaScript and Chrome Extension APIs to create a fully functional browser extension.
- Implemented automated workflows using Selenium to interact with web elements on LinkedIn, optimizing the connection request process.
- Conducted extensive testing and debugging to identify and resolve issues, ensuring reliability and performance.
- Successfully automated the process of connecting with individuals on LinkedIn, increasing efficiency by 30%.
- Enhanced the user interface based on user feedback, resulting in improved user engagement and satisfaction.

CodixLabs [site](#)

Software Development Intern

Pune, IN
07/2021 - 09/2021

- Successfully integrated payment gateway API in project
- Tested all the endpoints and APIs with the help of Postman
- Developed some RESTful APIs
- Learned about NOSQL databases like mongoDB and postgresql
- Got familiar with the version control systems like Git.

Projects

Linkedin Web Client (chrome extension) [GitHub](#) [Demo](#)

Chrome extension to streamline job search processes by automating job data extraction from LinkedIn

- Utilized JavaScript, HTML, and CSS to build a Chrome extension that extracts job listings from multiple LinkedIn.
- Implemented web scraping techniques using JavaScript and DOM manipulation to collect job data efficiently
- Designed algorithms to parse and organize scraped job data, ensuring accurate and relevant information retrieval
- Conducted thorough testing to identify and fix bugs, ensuring the extension's reliability and performance

JobLister (web app based on external api) [GitHub](#) [Demo](#)

JobLister is a web application designed to streamline the job search process.

- Job Exploration: Users can effortlessly browse through list of jobs available across various industries in India.
- Search Functionality: The app empowers users to refine their job search by entering specific job titles and location.
- Technologies used - Node.js, Express.js, Adzuna API, JavaScript, tailwind CSS.

Education

Sinhgad College of Engineering

BE in Computer Science and Engineering

Pune, IN
2022 - Present

MIT, Kothrud

Diploma in Computer Engineering | GPA: 9.6 /10

Pune, IN
2019 - 2022

Skills

Tools

■ Postman ■ AWS ■ Git ■ GitHub ■ Android Studio ■ FireBase
